

Styles and Pricing

All styles include full Ceremony and Reception coverage.

Your wedding day packages include:

- **Multiple Cameras, Two Videographers**
Several cameras are used and no detail is missed with our uncompromising views from the back, sides or front. Coverage is tasteful, discreet, and has received only positive feedback from clergy.
- **High-Definition Camera Technology**
Only true broadcast quality high definition cameras are used to capture your day. These provide an outstanding level of clarity, detail, and light sensitivity.
- **Crystal Clear Audio**
Readings, music and vows will be crystal clear as several discrete microphones are used. These small, state of the art microphones are placed on the groom, podium and clergy. During the editing process, they are mixed as needed.
- **The Reception Includes:**
Wedding party intros, cake cutting, toasts and speeches, and traditional dances.

Classic Style... \$1995

The assembly of your video will feature real segments of your day. Your wedding ceremony will be presented “as it happened” and little will be shortened or eliminated. Reception coverage will be presented in real time.

Documentary Style... \$2945

This style takes the Classic Style one step further in the way it is presented. Your ceremony will be sensitively edited to create a seamless, flowing event. A personalized soundtrack will be interwoven through portions of the service, which adds more depth to the emotion captured on your special day. Reception coverage will use similar assembly techniques to present toasts, speeches and dancing. The final video is significantly shorter and more fun to view in comparison to our Classic Style.

Cinematic Style... \$3795

This fresh approach and timeless style uses time-shifting techniques (where elements of the day are arranged to fit the feel of the music, mood, etc, verses keeping things in chronological order) to create a seamless and breathtaking movie that will be enjoyed through countless viewings. It features preparations, ceremony, post ceremony coverage, reception and highlights of your day creatively woven with natural sounds and dramatic music to create the look, and feel of a Hollywood film. The length of the video is typically less than 40 minutes. In addition to capturing your day with traditional steady camera images, some segments will be recorded using dramatic camera techniques including elegant “floating camera” images and creative angles. You will also receive full length historical versions of your ceremony and speeches.

Comparison of Styles

	Classic Style	Documentary Style	Cinematic Style
SEGMENTS AND TECHNOLOGY			
Ceremony and Reception Coverage	✓	✓	✓
Multiple cameras, two videographers	✓	✓	✓

Additional Options...

Wedding Day Highlights - \$475

This 3 to 5 minute segment features images highlighting the day. Painstaking care is given to the choice of moments - all choreographed to music. Facebook and YouTube friendly files will be provided as well as your own personal domain name. This allows you to easily share the dramatic and fun moments of your day with family and friends.

Preparations - \$400 (included with Cinematic Style)

Capturing of the bride, groom and wedding party arriving at the church and preparing for the service.

Post-Ceremony Coverage - \$400 (included with Documentary and Cinematic Styles)

We'll follow along as you travel from the ceremony to the reception capturing those spontaneous moments. This includes highlights of your receiving line, park visit and cocktail hour. Also includes beautiful detail shots of all the care you put into your reception location from your cake, to table settings and flowers.

Additional DVDs

Additional DVD's are just \$10.

High Definition Media Player - \$250

Your wedding in beautiful 1080 high definition on a small media player you connect to your TV. This media player also connects to your home network to stream your music, display your personal digital photographs, even Netflix!
